Dear Mr. Henderson:

I have just received a copy of the Roche Report, and find your presentation excellent. I have had the opportunity to discuss it with George Ulett, and he concurs.

Indeed, we like the presentation so well that we would like to use it in justifying our program to our legislators this winter. Would it be possible for us to receive about twenty-five additional copies?

Congratulations and many thanks.

Sincerely yours,

Max Fink, M. D.
