Dear Mr. Moran

Re: MH-13358-02 and 13003-02

I am writing with regard to the restriction in international travel in your letter of March 6, 1968.

For many years, we have participated in the meetings of the CINP - the principal international organization - devoted to psychopharmacological research. The next meeting is scheduled for April 24 - 27 in Tarrogon, Spain. There are two presentations by members of this staff on that program.

Funds for this travel are available in MH-13358 and 13003.

We would like to send one representative of this program to present both reports. Curtailment of all travel would seriously embarrass the organizers of this meeting and would reflect on the integrity of our commitments. We would be grateful if permission could be granted for one participant only instead of the two permitted for in these grants.

Thank you very much for your understanding.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
