Dear Moyra,

It has taken longer than I liked to complete the manuscripts and to have them copied for your use. The ones you requested are enclosed. The volume is in the hands of the printer and should be out in a few months, by April I am told.

We had hoped to have the summaries printed in the Archives but it seemed too long for them and too much work for one of us to summarize the discussions in a more concise form. I remember the meeting fondly and hope that someone will do it again in the next few years.

Good luck in the work you are doing. My best regards.

Sincerely yours,

Max Fink, M.D.
