

73SB-577AP

March 12th, 1973

TO: Stanley F. Yolles, M.D.
FROM: Max Fink, M.D.
SUBJECT: American Psychopathological Association

Dr. Max Fink was elected President of the American Psychopathological Association at its annual meeting in March. The association is in its 64th year and has a membership of 250 psychiatrists, psychologists and behavioral scientists who meet annually to discuss questions of the relation of psychology and physiology to behavior. The 1974 topic is "An evaluation of psychological modifiers of behavior".

Dr. Max Fink is Professor of Psychiatry in the Health Sciences Center and investigator in studies of the relation of neurophysiological measures to behavior, and narcotic antagonists in the treatment of opiate dependence.
