Dear Miss Ostrom:

After my telephone call this morning, I received a letter from Dr. Cleghorn.

The reference he requested is:

EEG and Human Psychopharmacology, (Abstracts, 1961 Meeting, Montreal),
Electroenceph. clin. Neurophysiol. 15: 133-137.

Dr. Andermann was originally from Australia, but immigrated to the United States in 1960 and is now resident in Queens, Long Island, New York. Both Drs. Cahn and Schneider are from France.

Sincerely yours,

Max Fink, M. D.
Director
