Dear Dr. Holden:

The Psychiatric Research Foundation of Missouri is pleased to consider your request and suggest the following. The Foundation will make available the sum of \$275.00, which is the equivalent of the passage from London, England to St. Louis, Missouri. In addition, the Foundation will be willing to make a sum of up to \$500.00 available as an advance in salary-to help defray the cost of transferring your family.

Enclosed are two sets of forms to which you should attend. Please return two signed copies of each. In the request for an advance, the sum is left open for you to fill in the amount you wish, up to \$500.00.

We are looking forward to having you join us.

Sincerely yours,

Max Fink, M. D.
