Thelma Jones, M.D.
8 Harvest Drive
Scarsdale, New York 10583

Dear Thelma:

Please accept my thanks for your long and helpful service in the evaluation of narcotic antagonists at the Metropolitan Hospital. I have found your enthusiasm and cooperation invaluable in supporting our explorations into new uses for untried drugs. Without your help, our evaluations of naloxone, naloxone pamoate, levomethadyl, cyclazocine, and many others would not have been successful.

My best wishes for the health of your family and the success of your practice,

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
