Morton Wachspress, M.D.
Associate Medical Director
Hillside Hospital
75-59 263rd Street
Glen Oaks, New York

Dear Mort:

Thank you very much for your letter of August 5th, and for your news about Hillside. I wanted very much to have Dr. Don visit you, but illness in his family has caused him to be called suddenly to England, and he will be unable to visit with you. Many thanks for your kindness in extending the invitation.

Incidentally, in Vienna last week I met Mr. Coleman, and he was most enthusiastic about the programs at the Hospital. He told me much of the connection with Queens General Hospital, and was very enthusiastic about your training program.

My best regards to all my friends at Hillside.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
