Dear Al:

Enclosed is a complimentary copy of the ECT volume. I am pleased to send it to you with gratitude for your support and interest in this project. I regret the delay in getting it to you, but I was confident that it had been sent as part of the original mailing.

I have received a request for a copy from the APA museum, which I am honoring at this time. If you have any clout with the APA Newsletter, perhaps they would recognize the publication of this volume under their new books published, especially if an appropriate description could be added.

My thanks.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
