Philip Bookman, M.D.
Hofmann LaRoche, Inc.
Nutley, New Jersey

Dear Phil,

I very much enjoyed our discussions on Thursday, and I thank you for the invitation. The final report on the diazepam-bromazepam-placebo EEG and bloodlevel study should be completed by the end of the month and sent to you.

In checking my files, I found the enclosed report by Dr. Itil. This report answers some of the questions raised about the evaluation of thymoleptics and antidepressants by neurophysiologic methods. I spoke to him and he was pleased to have me send you this copy for your information.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
