Dear Jon,

Enclosed are the final drafts for the ECT volume:

(1)	Volavka	Neurophysiology
(2)	Pitts	Medical
(3)	Fink	Theories
(4)	Fink and Abrams	Q & A

Also, two copies of Small and Small.

Note: Abrams paper (clinical) is included for the additions made on page 17.

Note: Fink (theory) has page 5 of the citations missing. Will follow tomorrow.

I enjoyed the work. I hope the editors find the material up to their standards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
