Mr. John Hilar
4525 W. Division
Chicago 21, Illinois

Dear Mr. Hilar:

At a recent visit to the laboratories of Dr. Eli Robins of Washington University, he recommended a flame photometer made by Unicam. I would appreciate receiving literature describing this instrument, as well as any others provided by this company, and a price list.

Thank you very much.

Sincerely yours,

Max Fink, M. D.
Director
