Dear Sir:

I have reviewed the page proof of the article, "EEG and Task Performance after ACTH 4-10 in Man". There are no remaining corrections except the following:

As Dr. Walter Sannita has returned to his native Italy, it may be more helpful to list my name, Dr. M. Fink, as the addressee for reprint requests (bottom of page 282). It is more likely that cards addressed to me will be delivered properly.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
