Dear Mr. Hallam:

We are sponsoring two scientists under Exchange Visitor Program No. P-II-3388 of the Missouri Institute of Psychiatry at the St. Louis State Hospital.

Dr. Alexander Don is a resident of Brentwood, Essex, England and will probably make application in London.

Dr. J. C. Holden is a resident of Lancashire, England and will probably make application in Liverpool.

I would be grateful if you would notify the appropriate agencies of the Exchange Visitor Program No. P-II-3388 under which these men are being recommended.

Sincerely yours,
