

*F. Letter*

April 5, 1978

Peter Crown, Ph.D.  
Mampshire College  
Amherst, Masaachusetts 01002

Dear Peter,

It was good to hear from you, and while I do not understand the design of your study, we will be pleased to cooperate if we can. I have told Peter and he expects your call and visit. I enclose a cost sheet which gives the hourly charges for grant supported studies.

I am sorry that you did not get your copy of the book from the publisher. I have sent you another to this same address.

As to how I knew the ZIP code, it was easy. My daughter, Linda is a student at Amherst College -- one of the first women at the school. She remembered you well and if you get to her campus, she would be pleased to get re-acquainted.(542 3231).

My regards.

Sincerely yours,

Max Fink, M.D.
