Belle Mead, New Jersey 08502

Dear Helen,

Thank you for the copy of your letter to Mr. Chyung regarding an assessment of the new Medcraft B-25. I am delighted that you and your associates will be undertaking such a review, and look forward to publishing it.

I have made good use of the MECTA/THYMATRON comparison, and it has allowed me to answer questions about instrumentation by referral.

Would you consider a comparison with the EICoT instrument, which Mr. Schick states will be available 'very shortly'?

My best regards to you , Stephani and Ken.

Sincerely yours,

Max Fink, M.D.
