Dr. Charles Shagass
Eastern Pennsylvania Psychiatric Institute
Henry Ave. and Abbottsford Road
Philadelphia, Pennsylvania 19129

Dear Charlie,

Enclosed are two copies of the report which you requested "Long-Acting (Depot) Phenothiazines in Emergency and Maintenance Therapy of Psychosis." I believe this states the most qualified opinions and is fully consistent with our experience and the literature.

I trust this is useful.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
