

March 1, 1971

Dr. Daniel N. Robinson
Department of Psychology
Amherst College
Amherst, Massachusetts 01002

Dear Dr. Robinson:

It was kind of you to send us your c.v. I regret that we are not expanding our study programs at the present time.

Dr. E. Roy John of this Department is in charge of the research sections of the developing mental health center. While funding is difficult, I believe he expects to begin recruiting in 1972. You may wish to write to him of your interest.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
