Dr. Theodore E. Weichselbaum
Washington University
School of Medicine
600 S. Kingshighway
St. Louis, Missouri

Dear Dr. Weichselbaum:

Dr. Albert E. Sobel has applied for an appointment in clinical chemistry within this research center, and has suggested that we write to you for a letter of reference. I have met Dr. Sobel during my stay in New York, and have the highest regard for his qualifications. We would be grateful, however, for any information that you may make available regarding his abilities to participate in research programs in the Mental Health field and specifically his ability to do collaborative research.

While we are assuming that his reason for leaving the Jewish Hospital may be related to retirement policies, we would also be grateful for any opinions you may have regarding his recent appointments.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Director
