Attention: Miss E. Johnson

Dear Mr. Ormes:

I have reviewed your suggestions for our meeting report, and find them useful and acceptable. I have corrected each of the checklist items and enclose a citation list. (I am not sure how to handle repetitions [see items 4 and 6, and 7 and 9]; please correct).

Since submitting the report, A. Wikler submitted a cogent addendum which appears as paragraph 1, page 2. I have marked my new page as you did, but enclose the earlier version for your checking.

Thank you for your able assistance.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
