Mr. Hanus J. Grosz  
Indiana University Medical Center  
Institute of Psychiatric Research  
1100 West Michigan Street  
Indianapolis 7, Indiana

Dear Hanus:

Thank you very much for your letter recommending Dr. Serafetinides. We have considered his appointment very seriously and came to the conclusion that we already had a most heavy emphasis on clinical neurophysiology. While I would be delighted to have him work with me, I do not feel that we could commit the institute's limited funds at this time.

My best regards.

Sincerely yours,

Max Fink, M. D.
