1145 Nineteenth Street, N.W.
Washington, D.C. 20036

Dear Ron,

I have checked with Don Shapiro and I think he will be available on Tuesday afternoon, October 25, in Washington. Dr. Itil will be at the meetings and if we can set aside a major portion of the afternoon we should be able to make the necessary decisions regarding the high dose - low dose chlorpromazine - schizophrenia study.

I look forward to seeing you at the ECDEU sessions. My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
