Mr. Kemal Cig
Topkopu Serai
Istanbul, Turkey

Dear Kemal,

This will introduce Mr. and Mrs. Joshua Vogel who are close friends and are visiting Istanbul as part of a tour of the Near East. I have asked these friends to call on you in the hope that you may be able to provide them with an introduction to Topkopi Serai - as you did for us. I would be most grateful if one of your able assistants could show them through. I would be grateful for any other courtesies you may show them.

I spoke to Turan this morning and he and the family and Yulmen are all well. When he was last in New York he told me of Yulmen's good grades and he was most enthusiastic about her career.

We have heard that you may come to the United States and I do hope this is true, for Martha and I would like to show you some of the sights in New York.

My best personnel regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
