Dr. Milton Tarla
Secretary, Eastern Association for
Electroencephalography
80-02 Kew Gardens Road
Kew Gardens, New York 11415

Dear Milt,

I take great pleasure in endorsing the membership application of Dr. Aaron J. Berman in the EAEEG.

I have known Joe for many years and have followed his neurophysiologic studies with great interest. He is a neurosurgeon with a fine research interest.

During the past six months I have had the opportunity to work more closely with him in the analysis of EEG data from his brain damaged monkeys. I think the presentation which he made at the meetings in Canada will lend support to this recommendation.

I endorse his application and look forward to his active participation in the association.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
