Dr. Graham Harding  
College for Advanced Technology  
Gosta Garden, 4  
Birmingham, England

Dear Dr. Harding:

Please let me take this opportunity to thank you for your kindness and interest during my recent visit to Birmingham. I have just written to Jim, telling him of my thoughts regarding your affiliation. I think it is most encouraging that there are so many places in England that are undertaking quantitative electroencephalographic research. I believe that there are probably more such workers in your country than in our own, and am encouraging him to perhaps arrange a meeting sometime in the near future of the workers from both continents.

For the meantime, I am enclosing some of the recent mimeographed reports and earlier publications of our work that may interest you.

My best regards.

Sincerely yours,

Max Fink, M. D.  
Director
