Stephen Kasten, M.D.  
Grasslands Hospital  
Valhalla, New York 10595

Dear Dr. Kasten,

Thank you for your kind invitation to participate in the weekly grand rounds of the Department at Grasslands. I regret that I will be unable to take part during the next few months, as I already have an impossible schedule. I have moved my laboratories from the city to Stony Brook and the transition will not be complete until the early summer.

Should you wish, I would be pleased to participate in the fall.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
