Dr. Leo Abood  
Center for Brain Research  
University of Rochester  
Rochester, New York

Dear Leo:

I want to take this opportunity to thank you once again for your very fine presentation. On Sunday, Professor Schmitt dedicated a portion of his talk to chemical studies similar to yours and made reference to your work at length.

Enclosed is a letter which I received from Dr. Thompson.

I look forward to receiving the corrected figures and the final copy of your paper.

Sincerely yours,

Max Fink, M. D.  
Professor of Psychiatry
