Chicago, Illinois 60637

Dear Bob:

I am taking the liberty of sending you a copy of the paper I just presented at the APPA. When I was faced with the problem of developing a presentation on the general subject of "Evaluation of Psychotherapies," I elected to resurrect the work which we did more than a decade ago.

You may also be pleased to know that the volume, Psychobiology of Convulsive Therapy, which presents the proceedings of an NIMH-supported conference in 1972, has just been published. You may be pleased to see your work extensively quoted.

My best regards,

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
