Bethesda, Maryland

Dear Jon:

I am planning to be in New York during the ARNMD meetings and have written to Dr. Sugerman suggesting that I come to visit on Thursday, December 5. He has agreed that this is a good day for him. Would you like to send one of the staff along with me?

I shall be in New York the day before, and should like your permission to rent a car to drive to Princeton. This seems the only convenient way and would free me of the special expenses involved in cabs and train.

Is there any special information that you would like me to obtain during this visit?

My best regards.

Sincerely yours,

Max Fink, M. D.
Director
