Dear John:

I thank you for sending me the reprints which have kept me informed of your progress. Last year I moved from the New York Medical College to the Health Sciences Center, State University of New York at Stony Brook, New York. A good friend of yours, Bernard Tursky, is in the next building. We have had many pleasant discussions.

I look forward to being in St. Louis at the time of the Neuroscience meetings in October, and perhaps we will have a chance to discuss the many changes that have occurred in our science and in Missouri since I left.

My best regards.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
