Dear Jim:

I have tried to reach you regarding my visiting Columbia. As I look at the flight schedules and at my calendar, it seems best that we plan to have me visit Columbia on Friday, April 23, and if that date is unsuitable, then Tuesday April 27.

From the flight schedules it seems most convenient if I took the 11:30 flight arriving in Columbia at 1:12. This would permit me to participate in a seminar from 2 to 4. I would plan to take Flight 47 back to St. Louis.

If this arrangement is satisfactory for April 23, I would be pleased to visit with you at that time. It would be helpful if I had a standard 3 1/4 x 4 slide projector available. My best regards.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
