Department of Neurosciences  
La Jolla, California 92037

Dear Reg,

Despite much effort on my part, we have been unable to provide the support necessary for the exhibition in San Diego. I regret that we will not be able to demonstrate our EEG analytic programs for psychopharmacology. I trust this will not affect the other demonstrations on the 1800. However, since the New York office of IBM and our sales representative (Dr. Wayne Jostrand) is making the arrangements for the equipment, I would ask that you advise him of the development.

The list of demonstrations is an impressive one and I look forward to attending the Congress.

Incidentally, my best wishes on your new appointment.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
