

May 18, 1969

Dear Carl,

We have no objection to the circulation to other ECDEU investigators of the demography data of our studies. Some weeks ago, however, in anticipation of this meeting, I asked Dr. Simeon to update the records of all our studies, and these revised forms were sent to Dr. Guy. We would prefer to have the corrected listing presented, if at all possible.

I look forward to seeing you in June.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
