Dr. Katharine H. Hain
Director of Medical Services
Schering Laboratories
1011 Morris Avenue
Union, New Jersey 07083

Dear Dr. Hain:

Thank you very much for the descriptive literature on your compound, Etrafon.

We are establishing a laboratory for the continuing studies of new psychoactive compounds in the treatment of the acute mentally ill. In the event, that Schering Corporation has novel compounds which it would like assessed in out-patient populations, I would be pleased to hear from you.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
