Gentlemen:

I have reviewed the page proofs of the article, EEG Profiles and Bioavailability Measures of Psychoactive Drugs, to appear in Itil's volume, Psychotropic Drugs and the Human EEG.

Except for the correction for the degree of Peter Irwin, I found no typographic errors..

Pages 81-84 have been laid out poorly. Figures 1 and 2 should be part of the section, Fenfluramine, and should not appear as part of the doxepin section. I have attempted a reset of these pages, and suggest that you reset the pages along the lines suggested, with figure 1 on page 82 and figure 2 on page 83.

Thank you.

Sincerely yours,

Max Fink, M.D.
