Dr. Dean J. Clyde, Director
Biometric Laboratory
University of Miami
P. O. Box 9175
Coral Gables, Florida 33124

Dear Dean,

Thank you very much for your kind invitation to participate in the seminar on computers in psychopharmacology. The end of April is a difficult time for us, but I have written to Don Shapiro to ask whether he would be able to participate.

With regard to the programs, we summarized the best that we had available from St. Louis in the publication which you received a year ago. In addition, we have one program for library retrieval, and I think you have a copy of that. Are these specialized programs of interest?

Thank you once again for the kind invitation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
