Dr. Alan Ramsey  
Center for Studies of  
Narcotics and Drug Abuse  
National Institute of Mental Health  
5600 Fisher's Lane  
Rockville, Maryland 20852

Dear Dr. Ramsey:

Enclosed is a copy of the IND #10095, which was operational for our study of naltrexone.

We have already answered the questions on Page 1 and will, within the guidelines of our study, make every effort to abide by the suggestions on Page 2.

We request an initial supply of naltrexone hydrochloride syrup of approximately 1.5 grams, which will allow us to treat five patients for 30 days, with an average dose of 100 mg per day.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
