

March 8, 1965

Dr. Heinz Lehmann
Clinical Director
Verdun Protestant Hospital
6875 LaSalle Blvd.
Verdun, Quebec

Dear Heinz:

I want to take this opportunity to thank you for your ad hoc consultation in New York. Following our luncheon, Turan Itil and I discussed the recommendations made by yourself and Jonathan. We found the suggestions consistent with your own ideas, and have incorporated them in our present draft proposal which will be submitted to the next meeting of the Clinical Committee.

Many thanks. I look forward to seeing you at the end of March.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
