

September 19, 1971

Dr. Leon Hellman
Montefiore Hospital
Bronx, New York

Dear Leon,

My thanks for your advice and help for Mickey Taylor. He returned from his visit enthusiastic about his work and duly concerned that a proper evaluation of his questions required support and facilities that were beyond the means of our Department.

On inquiry in our medical school, he was referred to Dr. A. Louis Sothren, who has some facilities similar to your own. He has discussed the protocol with Mickey Taylor, and following your recommendations a protocol is being prepared for NIMH.

I have urged him to consult you and continue to be grateful for your advice and help.

My best regards for a happy new year.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
