

February 15, 1989

Paul Fink, M.D.
President, American Psychiatric Association
1400 K Street, N.W.
Washington, D.C. 20005

Dear Paul,

This letter is in response to the story in Psychiatric News that the APA is seeking nominations for representatives to the ABPN. If I can be of service, I would be pleased to support the role of the ABPN in our teaching programs.

My certification in psychiatry (1954) and neurology (1952) by the Board should be helpful, as should my graduation from the William Alonson White Psychoanalytic Institute. While my career and record are well known, I enclose a full c.v. for your review.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
