TO: George A. Ulett
FROM: Max Fink
SUBJECT: MH-08597

I have selected the pertinent letters from the files of the Foundation with regard to MH-08597 and am enclosing them for your use. I would appreciate your returning them to the Foundation files when you have completed your discussions.

I have no data with regard to MH-11379 as that application and all its letters went from Dr. Gershon directly to Warren and the University.
