Dr. Ardie Lubin
Dept. of Clin. & Social Psychology
Walter Reed Army Institute of Research
Walter Reed Army Medical Center
Washington, D. C.

Dear Ardie:

Some months ago, we met in John Stern's room in Washington when we were all attending a meeting. At that time, I had no knowledge that you were planning on coming to St. Louis but since then the rumors in the city are that you will be joining Dr. Anthony this fall. Congratulations!

I have found the move to St. Louis most stimulating, and the research opportunities here are excellent. I trust that your laboratory will grow rapidly. My associates and I would be pleased to have you visit with us on one of your trips to St. Louis.

Again, my best wishes for success of your program.

Sincerely yours,

Max Fink, M.D.
Director
