Dear Jerry:

I regret that I have not received copies of your summary data sheets, as I requested last month. I would like the opportunity to discuss these observations with some friends whom I will be seeing in New York next week and would be pleased if you could send them back to me.

Sincerely yours,

Max Fink, M.D.

Dear Jerry:

When you were last here I turned over all your records to you. In order for us to expand the little information that we have, I would like a copy of the summary data sheets that you have. If you have no way of copying them, send them to me and we will copy them here and return the originals to you.

Good luck in your studies.

Sincerely yours,

Max Fink, M.D.
