Mr. S. John Starkie
Queen Elizabeth College
University of London
Campden Hill Road
Kensington W.8
London, England

Dear Mr. Starkie:

Thank you for your recent inquiry regarding summer employment at this Institute. The staff has recently decided that we would not participate in a summer Fellowship program this year. I regret, therefore, that I am unable to make arrangements that you request.

In the event that you are travelling through the United States, I would be pleased to have you visit these laboratories and to demonstrate the variety of experiences that are available here should you be interested in a longer period of commitment.

Sincerely yours,

Max Fink, M.D.
Director
