Dear Ali,

Enclosed is a copy of the text of the exhibit in Anaheim. There should be available printed copies of this text, as well as a notebook for requests for reprints. The actual reprint from which this data was taken is the report that appeared in *Comprehensive Psychiatry*, a copy of which is enclosed.

As Don will tell you, he is taking my place because he would like to spend a few days in California. I am sorry I will not meet you this time, but look forward to seeing you soon.

Please make up a statement of your expenses and send them to me and I will see that you are fully reimbursed.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
