Dr. Bernard Korol
Geigy Pharmaceutical Co.
P. O. Box 430
Yonkers, New York

Dear Bernard:

I am pleased to submit your application to the Personnel Division. You should receive a letter from them within the next few weeks, which indicates your score on their "examination". Please send me that form when you receive it, and I will return it to you after I have made a copy. It is possible that they will contact you for further information. In that event, please call me and give me the opportunity to discuss their inquiry before you reply.

It would be helpful if you plan to visit the Institute at least once during the next few weeks to give us an opportunity to go over your program so that, if it is possible to make an application to granting agencies, we do so before the summer deadlines. It would be, perhaps, advisable for you to plan to come back to St. Louis for a day or two after the Federation meeting for this purpose.

Sincerely yours,

Max Fink, M. D.
Director
