Dear Warren:

Enclosed are two envelopes for Dr. Nagy, which include his checks for the months of July and August. Insofar as you are now supervising the handling of these funds, it may be helpful if you would pay Dr. Nagy at the end of July and at the end of August, provided he has satisfactorily completed his training during those periods.

If, for any reason, he should not be paid these funds, would you please return either or both checks to the Foundation for correction.

Thank you for your co-operation.

Sincerely yours,

Max Fink, M.D.  
Executive Director
