Dear Dr. Lantin:

It would be a pleasure to have you visit St. Louis so that we could show you something about the Institute and the St. Louis State Hospital. This will give you an opportunity to meet the various members of the staff, especially Dr. Knowles, the superintendent, and Dr. George Ulett, the director of the division.

Regarding your request for employment during that period, I have referred the letter to the Superintendent since the request is novel and the decision will have to be made by him.

Sincerely yours,

Max Fink, M. D.
Director
