

7 - Dr Lantin

November 15, 1963

Dr. E. Pereira
Old Oak Cottage
Ham Common
Richmond, Surrey
England

Dear Dr. Pereira:

I am writing at the suggestion of Dr. H. Lantin, who has applied for a position at the Missouri Institute of Psychiatry. Dr. Lantin has indicated that he would like to come to the States for additional psychiatric experience. This facility is a research center with heavy emphasis on clinical psychiatric research. In working here, Dr. Lantin will be responsible for a small block of patients, most of whom suffer with a major psychosis.

I would be grateful for your recommendation regarding Dr. Lantin, his personality, his ability as a young psychiatrist and your estimate as to his potential for growth as a research scientist.

Sincerely yours,

Max Fink, M. D.
Director
