Dear Dr. Rytel:

We have received an application for appointment to this Department of Dr. Roman Solecki of Kankakee State Hospital, and he has given you as a reference.

In the development of a community mental health center in Metropolitan New York, we are expanding a number of the clinical programs, especially those in relation to out-patient activities. I would be grateful for any comments you may be willing to make regarding Dr. Solecki's capacity to relate to his co-workers, to treat patients using both psychotherapy and pharmacotherapy methods, and his ability to relate to resident physicians.

Thank you very much for your cooperation.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
